

Make a List!

Help children see the importance and purpose of writing in your classroom. One simple and effective way is to make lists. As a group create various lists or encourage children to make their own!

For Example:

- ◆ Grocery List– food needed for a recipe
- ◆ Words that begin with a certain letter
- ◆ Things to do at: the beach, zoo, farm, etc.
- ◆ Friends who are absent
- ◆ Costume ideas
- ◆ A person's order at a dramatic play restaurant

Encourage Children's Writing

“We are making granola bars tomorrow. I need to make a grocery list so that we'll have all the ingredients. Can you help me? Let's read the recipe and see what we need?”
