

## Book Basket

Gather books for children to look at during wait times (e.g., waiting to go in the restroom, waiting for friends to clean up, waiting to transition to the next Part of the Day). Use the books in this basket to point out print and emphasize that print is different than pictures.

**More Support:** Intentionally choose books that have limited words and pictures on each page.

### Notice and Comment on Print

“Look, here are pictures of farm animals. The words tell us the names of the animals. This says, ‘goat’, ‘pig’, and ‘cow’!”
