

People Sort!

Challenge children to sort themselves by colors, patterns, or types of clothing. As they work on sorting, help them focus on problem-solving with others (e.g., finding solutions if they disagree on who should go where).

Ideas to Sort By:

- ◆ Colors
- ◆ Patterns or images (polka dots, stripes, characters)
- ◆ Types of shoes (tennis shoes, sandals)
- ◆ Type of shirt (sweater, short or long sleeve)

Prompt Children to Sort by Characteristic

“All of the children who are wearing red somewhere on their clothing can stand up and tip toe to the tables.”
