

Do You Remember?

Being the 'teacher' is fun! Allow children to play the role of being a teacher throughout day-to-day tasks. Children will teach others what to do as they retell the events taking place.

Ask children what they remember about:

- ◆ Taking care of the class pet
- ◆ What they need to do after finishing their meals
- ◆ Putting away their belongings after Rest Time
- ◆ How to line up to go outside

More Support: Model and narrate to help reinforce their understanding.

Ask Children to Summarize or Retell Information

"We just finished our group activity! Do you remember what we just did with the ramps?
(Child) is going to teach us all about what we did with the ramps."
