

Write That Letter!

Practice writing letters in playful, engaging ways across the day.

- ◆ Write letters in the sky with fingers.
- ◆ Trace letters on a person's back in front of you in line.
- ◆ Make letters with food during meals (line up your peas to be an 'L').
- ◆ Trace letters in the sandbox with your fingers or a stick/tool.
- ◆ Draw letters in shaving cream.

Label and Narrate Writing

Model and encourage children to imitate you. Describe the features of the letters as you make them.

--

"I want to make an 'M' so I'm starting at the top and dragging my finger straight down."
